[Steam For Mac Fix](#)

The application "Preview.app" is not open anymore.
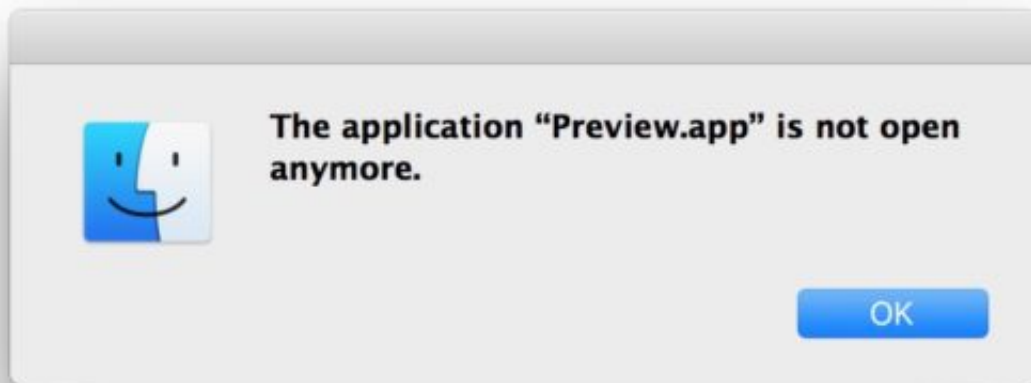

OK

[Steam For Mac Fix](#)

I have tried uninstalling and reinstalling Steam but for some reason I get the same issue every time.
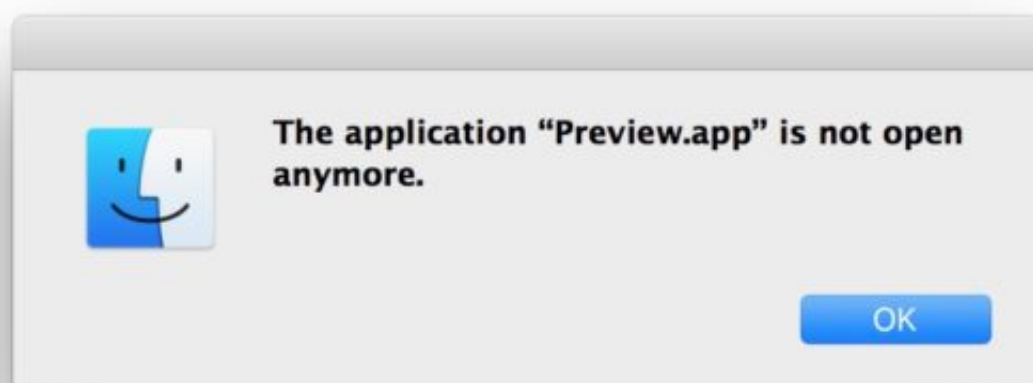

1. steam
2. steam gift card
3. steampunk

All I know is that they want me to install the latest update and make all of my current apps incompatible with the new OSClick on the Apple icon (top menu) > ' About This Mac' and it'll tell you your OS version.. All I know is that they want me to install the latest update and make all of my current apps incompatible with the new OSEdited by TAJB at 16:56:17 21-02-2017Zerobob 21 Feb 2017 17:46:42 2,528 posts Seen 4 minutes ago Registered 11 years ago TAJB wrote:I'm still on OSX Mavericks I think but can't be certain.. Anyone got any ideas? Get a PC is not a fix unfortunately Whenever I try to open steam all that happens is the steam icon bounces on the bottom of the screen indefinitely.. What is happening with 32-bit Mac apps? Apple is dropping support for 32-bit Mac applications in October with their release of macOS Catalina 10.. Phattso 21 Feb 2017 11:00:41 25,823 posts Seen 3 minutes ago Registered 17 years ago When this happened to me I found a forum post somewhere that listed which files in the Steam install location to delete.. Any ideas? neems 21 Feb 2017 10:53:55 4,913 posts Seen 14 hours ago Registered 12 years ago TAJB 21 Feb 2017 10:59:49 1,221 posts Seen 3 years ago Registered 6 years ago Searched and searched and I can't find a solution..
